## INTRODUCTION

PROJECT PATTAYA coin is very pleased to bring everyone into the full DIGITAL world. The founding team was inspired by the service business. Thai restaurants abroad for 15 years have done many forms of marketing, but one thing that has made a great impression is that the restaurant has issued a GIFT CARD that is similar to DEBIT (ATM) cards, CREDIT cards of foreign banks. And there is a picture symbol in the GIFT CARD that is a picture of a Thai shop with Thai patterns indicating Thai ness, in the past, although the store distributed coupons, discounts, and store brochures to customers, they still did not receive as much response as they should have. Until the day it was changed to a GIFT CARD that could be topped up distributed to customers You can also bring it back to buy products at the store and will receive a discount every time.

Best of all, customers are able to carry a compact and beautiful GIFT CARD in their wallet with their DEBIT (ATM), CREDIT card, which they will never leave behind because of its beauty and value one and that is the heart of what makes PATTAYA coins. So when they are hungry or they open their wallets, they will always miss our Thai restaurant. Unlike before when they distributed coupons and brochures, they didn't think about collecting or caring at all.

After passing through the crisis The COVID - 2019 epidemic has arrived and there are many foreign tourists coming to Thailand and what they want is excellent service in every dimension of Thai people, Whether it be the cuteness of Thai people, friendliness, kindness, quality products and many other impressive services that no one will deny. There is an important place that every tourist cannot forget: PATTAYA. Each year there are more than 30 million visitors. The fact that they came to spend money in Thailand, eating, traveling, buying things before they returned. The creators of the PATTAYA coin want to give the PATTAYA coin to every tourist as possible, at least 10% of tourists, or 20% is considered a small amount each day, month, year. It is considered to be building our own community. The production team believes that whenever visitor holds their mobile phone, they will definitely think of Thailand and PATTAYA, no matter where they goes.

PATTAYA coin intends to create a community. and internationalism There is a standard for the future. We have therefore collaborated with partners such as hotels, hospitals, amusement parks, restaurants, markets, barber shops, massage shops, tattoo shops, general shops, and all service businesses to become part of the PATTAY coin community. PATTAYA location has been known to tourists around the world for a long time. It will be a strong point that will quickly make the PATTAYA coin gain value in the near future. This allows members of the PATTAYA coin community to earn money, buy, sell, exchange, and participate in transparent governance.

The production team is very aware that SOCIAL MEDIA is important to the success of the PATTAYA coin project, so we have channels. Talking and exchanging knowledge Comments through many channels such as FACEBOOK, TWITTER (X), LINE and INSTAGRAM, [www.pattayacoins.com](http://www.pattayacoins.com) and many others, adjust to the current situation as much as possible.

## **BACKGROUND OF THE ORIGINAL MEME PATTAYA COIN**

**PROJECT NAME:** PATTAYA CRYPTO COIN

**TOKENS WEBSITE:** <https://www.pattayacoins.com/>

**LAUNCHED:** 24 March 2024

**TAXES:** 0.0% Buy Tax and 0.0% Sell Tax

**CONTRACT SOURCE VERIFIED:** Sure is, YES! (Check on <https://bscscan.com/> )

### **CHAPTER 1**

#### **The Origin and Future of Coin**

##### **1.1 MEME coins originate from Internet memes**

MEME COIN is a crypto currency based on MEME coin culture or other humorous or fun assets. The volatility is quite high compared to mainstream or more established crypto currencies such as BITCOIN (BTC) and ETHEREUM (ETH), as the MEME coin is very community driven. Therefore, it is often called "TOKEN community" as well. Price fluctuations are often influenced by holder sentiment and SOCIAL MEDIA. This can bring a lot of market volatility to the MEME coin, but can also create unique opportunities for holders that are not available in other financial markets.

##### **1.2 Feelings that affect MEME coins**

PATTAYA coin is a MEME crypto currency running on the BNB Smart Chain (BEP20) block chain like other MEME TOKENs. It was created on March 24, 2024 by an anonymous developer team. His identity is as mysterious as SATOSHI NAKAMOTO, the creator of BITCOIN. As the name suggests, the PATTAYA coin is inspired by the city of PATTAYA, Thailand which is one of the most beautiful beach cities in the world in the view of some, the popularity of the PATTAYA coin is due to the influence of SOCIAL MEDIA personalities. Specifically, the projected price of the PATTAYA coin will be more than 100,000%. It would be an incredible achievement for any decentralized community project. It can happen in such a short period of time.

\*\*\*\*\*!!!!This is where the **PATTAYA coin** steps in!!!!\*\*\*\*\*

## CHAPTER 2

### **2.1 The PATTAYA Community**

We are PATTAYA coin. We are thoroughly decentralized. We are the ultimate decentralized authority. We believe TOKEN community is the future. We believe that the entire PATTAYA coin project would be nothing without the community.

### **2.2 The Differences between PATTAYA and Other Projects**

- **True decentralization**

Many projects are more centralized in nature. This contradicts the original principles of the PATTAYA crypto currency. We have a decentralized international team. This includes early members. of the PATTAYA coin community and valuable members of the PATTAYA coin community have different responsibilities. All of this works toward the goal of maintaining a decentralized economy that works for everyone who wants to participate.

- **Long-term constructive planning/outlook**

Many TOKENs lack foresight in creating sustainability. Therefore, an economy must be built to sustain any project in the long term if the project fails to do this. It will not be able to withstand the test of time.

- **Founder ownership**

Founder relinquishes ownership the rise of the new world has inadvertently created a new era for the TOKEN project. Developers are beginning to seek more control over their projects. So they stopped giving up their rights. This effectively centralizes the project. PATTAYA is 100% community owned and will continue to work towards decentralization and independence.

- **\*World class team with self-motivated development**

Holders of PATTAYA coins come from all over the world. The work of PATTAYA coins is completed all the time with various aspects. of projects and activities Simultaneously, our broad and vastly different life experiences contribute to the racial and intellectual diversity of our community. Anyone can step up to the plate and volunteer in any capacity required - this is true community building with leadership emanating from within the comfort and effort of our PATTAY coin community.

- **Empowering the diverse capabilities of a global team**

The world-class team of the PATTAYA coin community is the key to the success of the PATTAYA coin. The community consists of several established and emerging teams. One of the biggest advantages of the PATTAYA coin is that each team can develop their own APPLICATION to empower the overall PATTAYA coin community. And most importantly, the tourist attraction named PATTAYA is very much liked by people from all over the world. This is the strength of the PATTAYA coin, which is an excellent intermediary coin between service users and service providers.

### **2.3 PATTAY coin aims to be the main international coin.**

As the main medium of value in the coin ecosystem, PATTAYA has a high circulation which will be used in the following areas:

- PATAYA coin will become popular payment TOKEN coin around the world. and increasing the number of holdings around the world On the basis of the community team's self-driving development platform, a large number of PATTAYA and APPLICATION coins will be acquired, which may affect the following sectors and many more: affiliated games, SOCIAL networks, decentralized markets for goods. /skills/real and DIGITAL services,

entertainment, education, tourism, commerce, etc. PATTAYA coin will be at the center of these APPLICATIONS as a transaction currency.

- On the basis of the self-driven development platform of the PATTAYA community globalization team, many applications will be derived that can impact the following sectors and more; Chain games, social networking, decentralized marketplaces for real and digital **goods/skills/services, entertainment, education, tourism, commerce, etc.** PATTAYA Token will be at the center of these applications as a transactional currency.

Using PATTAYA coins, consumers can consume goods, skills and services in both the virtual and real worlds. At the same time, it can be used as a basic cross-border payment method to increase the convenience of global transactions.

With the continued development and advancement of the PATTAYA coin team and DIGITAL currency in general, we hope that one day PATTAYA coin holders will be able to enjoy broader benefits from holding PATTAYA coins in the event of integration of PATTAYA coins. Currency DIGITAL, it is an acceptable payment method for traditional retailers such as AMAZON, EBAY or WALMART, BIG C, LOTUS, 7-11 continue to advance in the future.

### CHAPTER 3 PATTAYA NFT / NFT MARKETPLACE

#### 3.1 PATTAYA NFT TOURIST BUSINESS CONNECT

The PATTAYA coin will bring together tourism and service businesses in Thailand and around the world into PATTAYA coin products in the form of NFTs, such as hotels in **PATTAYA**. And all over Thailand, restaurants, barber shops, massage shops, and other travel-related service shops can be added to the NFT of PATTAYA coins in the most efficient manner with the platform. Business owners and users will benefit from using PATTAYA coins to connect faster and more efficiently than before. The number of visitors to Thailand is more than 30 million per year. It will be more convenient to collect points and coupons to use as discounts.

#### 3.2 VARIOUS PATTAYA NFT GAME

In the future, **PATTAYA** coin will bring games that people already love into the platform. So that **PATTAYA** coin holders can use their coins to play games and we will create more new games, such as racing games, because Thailand is a country that hosts many sports competitions, including Muay Thai (Thai Boxing), and sports that connect various local cultures. Together, SOFT POWER coins PATTAYA will definitely be a part of the gaming community.

### CHAPTER 4 PATTAYA ROADMAP
